

Special Foundation : D-Wall for W4 Apartments, Tennerieffe, Brisbane

Customer:

Wagstaff Piling

Brisbane - Qld
Australia

Client: *MCNAB Construction*

Length: *211m*

Depth: *8-10m*

Soil Conditions: *Landfill over alluvial sand and marine clay*

Completed: *Finished as at Dec 2005*

The Challenge: *To use a polymer to ensure wall stability and minimise the impact of clay swelling. Limited site access and small workspace also favoured the use of SC MUD P.*

Drilling Fluid: **SC MUD P**
